The purpose of this Addendum to the Comodo Certification Practice Statement (“ACPS”) is to amend version 3.0 of the Comodo Certification Practice Statement (“CPS”) to revise Section 5.31 related to Comodo’s Certificate Warranty Plan. All provisions of the CPS not specifically amended or added herein remain in full force and effect and where applicable shall apply to the new product offerings. Only the amended portions in this ACPS are included herein. Nothing in the CPS shall be deemed omitted, deleted or amended unless expressly stated in this ACPS. Headings from the CPS are included to identify the location of the Amended information and are not intended to be duplicative.

5.31 Certificate Warranty Plan

If Comodo was negligent in issuing a digital certificate that resulted in a loss to a Relying Party, Relying Party may be eligible under Comodo’s certificate warranty to receive up to the Maximum Certificate Coverage per incident, subject to the **Total Payment Limit** shown in Table 5.31 below for all claims related to that digital certificate. Except to the extent of willful misconduct, the liability of Comodo is limited to the negligent issuance of certificates. The Maximum Certificate Coverage of Comodo to all applicants, subscribers and relying parties for each certificate is set forth in Table 5.31 below. Under Comodo’s warranty a covered person may only receive a payment in accordance with the Maximum Certificate Coverage set forth in Table 5.31 per online transaction for which the Covered Person claims there was a breach of the Comodo Warranty (each an "Incident"). If multiple Covered Persons are affiliated as to a common entity, then those multiple Covered Persons collectively are eligible to receive a maximum amount in accordance with the Maximum Certificate Coverage set forth in Table 5.31 per Incident. Any payments to Covered Persons shall be limited by the Total Payment Limit for any claims relating to that Digital Certificate. For example, if a Digital Certificate carries a Total Payment Limit of \$10,000, then Covered Persons can receive payments in accordance with this warranty for up to the Maximum Certificate Coverage per Incident until a total of \$10,000 has been paid in the aggregate for all claims by all parties related to that Digital Certificate. Upon renewal of any Digital Certificate, the total claims paid for such Digital Certificate shall be reset to zero dollars.
