

Accelerator Partner Program

Our Mission:

To **exceed** our partner's expectation by delivering the optimal partner experience while **protecting** the customers they serve.

MSPs help eliminate the perceived risks of adopting critical-business managed services such as security, while positioning themselves as a trusted advisor and lifecycle partner to their customers.

With the shift to the cloud, the dynamics of how SMB and mid-size enterprises acquire new technology and functionality has been transformative, yet it has never been truer than today, to the channels that serve these businesses. Managed Service Providers (MSPs) have quickly risen as the trusted advisor with their advanced sticky services and capabilities that help fill the entry level to advanced security requirements of small- to mid-market businesses while allowing them to concentrate on what they know best, running their own business without the concern of a business intrusion event occurring.

As part of this cloud transformation, the cybersecurity market of vendors too has exploded adding a heightened sense of complexity and choices for MSPs and their IT solution service portfolio. With dozens of Endpoint Protection offerings and now hundreds of Managed Detection and Response (MDR) solutions, you as a trusted advisor to your customers need to quickly cut through the noise and team with a Solution Provider that gets you and the needs of your business.

Becoming a Comodo Partner

Our certified partner program is a value-based model. It's about "quality". Just as you are looking to offer quality IT vendor offerings, Comodo is not looking for hundreds of partners, we're looking to qualify quality partners to invest in. We want to focus on practice areas where partners can add value for Comodo and Comodo can add value for our partners.

Comodo's Partner Program is designed to drive growth and profitability for your company. Making Comodo's award-winning portfolio of cyber security solutions part of your managed service offerings will enable you to compete and differentiate yourself on value created for your customers.

Our Partner Program provides you an overall experience that is easy to consume and has the flexibility to expand as both you, and we, continue to grow. *Our focus is on building new revenue streams for you, adding value for our joint customers and investing in resources to make you successful.* We want this program to reach beyond your expectations. Our success is your success, and we don't take that for granted.

Program Overview

Comodo's Accelerator Partner Program is a multi-level program that offers Comodo partners the chance to turn dedication and experience into profit. Each level provides different access and benefits based on a partner's level of commitment and revenue performance.

PROGRAM TIERS

The Comodo Channel Partner Program offers our partners three tiers. Each tier offers a set of benefits that grow as you expand with Comodo.

AUTHORIZED

Entry level tier for partners registering with Comodo

GROWTH

Invitation tier for partners that commit to technical/sales competencies and a minimum ACV with Comodo

POINT

Escalation tier for elite partners that meet all technical/sales competencies and a minimum reoccurring ACV with Comodo

ABOUT US

Headquartered in Bloomfield, NJ, Comodo's mission is to help customers avoid breaches with groundbreaking isolation technology that fully neutralizes ransomware, zero-day malware, and cyber-attacks that other security providers can't do. We deliver active breach prevention with patented auto containment technology.

Our Unified Endpoint integrates this technology with critical components like our highly rated advanced endpoint protection, endpoint detection and response, and endpoint management to offer a single cloud-accessible Active Breach Protection solution. Comodo's SOC as a Service team makes the solution a frictionless, high-security implementation.
